

Saturday July 23rd in Philadelphia PA

Fossccon exists to bring together a community of businesses, individuals, and groups each of whom may have disparate goals, but all of whom can work together for mutual benefit.

Fossccon 2011 will be held at Basecamp (<http://basecamp.org>), in Philadelphia Pennsylvania, on Saturday July 23rd 2011.

Through a day of talks, workshops, and exhibitions, all of our various interests can find new ways to benefit from each other, improving all of our lives and livelihoods.

This event is made possible by dedicated volunteers, a vibrant open source community, and great sponsors such as you.

If your business has an interesting product, project, or resource which may be useful to the community, show it to the world at Fossccon! We invite you to join us at Fossccon to show the community what you've done, what you're doing, or what you offer.

Some of the benefits of sponsoring include

- A targeted audience of open source and free culture enthusiasts.
